COLLEGE RESPONSE PROCEDURES TO REPORTS OF CRIME AND EMERGENCIES

A complete guide to the procedures for all emergencies is available in the WCJC Emergency Procedure Manual and in the Security Manual: Standard Operating Procedures.

Uniformed security officers patrol the campus and are equipped with two-way hand-held radios capable of contacting other area law enforcement agencies, fire departments or emergency medical services. Campus security personnel enforce all local, state, and federal laws within their jurisdiction and are required to enforce rules and regulations issued by the governing board of WCJC. The Office of Security maintains a good working relationship with area criminal justice agencies including those in Wharton, Sugar Land, and Richmond.

When a crime or an emergency is reported to the Office of Security, the officer on duty goes directly to the scene and calls for appropriate help if necessary (fire department, EMS, or local law enforcement agencies). The officer conducts an investigation of all violations of college policies, rules, and regulations, and informs the victim of their option to contact the local law enforcement agency and press charges. Written reports are processed and sent to the Director/Facilities Management, the Dean of Student Services, Vice-President of Administrative Services, the Vice-President of Instruction, and the President.

CAMPUS SECURITY POLICIES

1. Anyone suspecting that a criminal act has been committed on campus, suspecting a criminal act is in progress, or witnessing an emergency is encouraged to accurately and promptly report to the Wharton County Junior College Office of Security located in the Pioneer Student Center at the Wharton Campus or the main offices of the extension campuses. Reports may be by phone to the emergency numbers listed earlier in this report. Campus security officers are trained to take every reasonable precaution regarding the safety and security of WCJC employees, students and visitors.

WCJC Campus Security Policies and Campus Crime Statistics

2. Suspicious activities on all WCJC campuses shall be monitored by security personnel to ensure the safety and security of students, staff, faculty, and visitors.

3. Security officers employed by the college on the Wharton campus are not required to be commissioned peace officers. All security personnel have the obligation to enforce campus rules and regulations, as well as local, state and federal laws.

4. Campus crime prevention programs and reporting procedures shall be defined and communicated clearly to all students and employees.

5. Criminal activity occurring at off-campus college functions shall be monitored and recorded through communications with local law-enforcement agencies.

6. The Dean of Student Services and the Security Coordinator update, prepare, publish, and distribute an annual security report to all employees and students by September 1 of each year.

7. Any person who is a victim of a sex offense occurring on campus or at a campus-sponsored activity should immediately report the offense to Security, the Dean of Student Services, and to local law enforcement officials. The security officer or the Dean of Student Services may assist the victim in reporting to local law-enforcement officials if the victim requests assistance. Victims of sex offenses are encouraged to seek immediate medical attention and to preserve any physical evidence of such crimes. The availability of campus and community counseling, mental health, and other student services for victims of sexual assault shall be communicated to students in writing in the college catalog and the student handbook.

8. Student disciplinary procedures shall be communicated to all students during orientation sessions and in writing in the student handbook. These procedures include provisions for a hearing before the College Hearing Board when appropriate. Both the accuser and the person(s) accused of an offense are entitled to attend during disciplinary proceedings. Both the accused and the accuser shall be informed in writing of the outcome of any campus disciplinary hearing.

9. The college shall deliver educational programs to students to promote awareness of rape, acquaintance rape and other sex offenses.

10. Any student, who in the opinion of the Dean of Student Services has committed an act of sexual assault or aggravated sexual assault as defined by sections 22.011 and 22.021 of the Texas Penal Code (and can include non-forcible sex offenses) will be subject to a major disciplinary action. The decision shall be based on the "preponderance of the evidence" rather than "proof beyond a reasonable doubt" and need not coincide with legal actions taken by a court of law.

11. Disciplinary action for a sex offense can include suspension from the college and is determined by the Dean of Student Services. This action can be appealed to the Senior Vice President of Instruction, and from there to the College Hearing Board. Decisions of the College Hearing Board are final.

12. The victim of a sex-related crime, who resides in a campus residence hall, may request that his/her residence be changed. Reasonable efforts to accommodate such requests will be made in accordance with established housing procedures. In addition, students may request class schedule changes. These requests may be accommodated provided the appropriate class sections are available.

13. With the approval of the President of the college, the Vice-President of Financial Services or a designated official at an extension campus shall notify the campus community of campus crimes that may constitute a threat to other students and employees. This notification shall be timely to reduce potential risks on campus and prevent further criminal actions.

POLICIES CONCERNING SECURITY AND ACCESS TO CAMPUS FACILITIES AND MAINTENANCE OF CAMPUS FACILITIES

Uniformed security officers patrol the campus 24 hrs. a day at the Wharton campus. These officers are equipped with two-way hand-held radios capable of contacting other area law enforcement agencies, fire departments or emergency medical services.

WCJC Campus Security Policies and Campus Crime Statistics

According to Reg 321, WCJC Safety and Security department is charged with the responsibility to assure the safety of all persons on the college campus, to assure the protection of college property or non-college property located temporarily on college grounds, and to respond to emergency situations, provide assistance, or take actions appropriate to the crisis situation within legal limits of the department's authority.

To maintain proper security and allow custodial staff to maintain regular cleaning schedules, all buildings shall be cleared and external doors locked after dismissal of the last class and following periods of scheduled activity in buildings on weekends and holidays. The security officer shall note the name and location of any college employee who remains in a building after the scheduled closing.

The college is authorized to refuse admission to the campus to any person who does not have legitimate business with a college community member (Section 51.209 of the Texas Education code.) Any college employee may request proper identification of individuals that they encounter on the campus. Those persons encountered during the late night hours, under suspicious circumstances or in response to reports from the college community members must be prepared to show identification and state their business on campus.

When special events such as registration, theater rehearsals or productions, meetings, social activities, or other events necessitate the use of college facilities after designated closing times, the WCJC employee responsible for the event shall complete a facilities request form and forward to the appropriate building supervisor for approval. The request should include the nature of the event, the facilities to be used, and special services or personnel needed. During the fall and spring semester, the college provides security for the resident students. The following procedures help insure that a reasonable measure of security exists for students living in student housing:

1. All facilities are staffed with a Residence Hall Supervisor and a Resident Assistant, who enforce residence hall policies, assist residents, and contact proper authorities to ensure security and safety.

2. All outside doors to the residence halls are locked 24 hours a day.
3. Security officers routinely patrol the residence halls and surrounding areas.

Campus facilities and grounds are maintained by the Office of Facilities Management under the supervision of the President of the college. Maintenance of lighting and landscaping near sidewalks, walkways and entrances to buildings and parking lots is performed on a regular basis. Access to campus buildings is limited to times designated for the buildings to be open for classes or other college-approved functions.

POLICIES CONCERNING CAMPUS LAW ENFORCEMENT

The following policies include the enforcement authority of WCJC security personnel and their working relationship with State and local police agencies.

According to WCJC Regulation 321, the basic authority and limits of the WCJC security personnel are as follows:

Citations. Security officers are authorized by the college to issue written citations for parking violations and moving violations to any person on college property.

Identification Requests. Security officers are authorized to request identification of any person on campus property. Noncompliance may result in disciplinary action by the college.

Emergency Authority. In the absence of a direct-line supervisor or a senior college officer, the security officer on the scene assumes responsibility for the situation, and all other persons on the scene are expected to comply with the security officer's directives. Noncompliance may result in disciplinary action by the college.

Complaints and Public Contact. Security officers must treat all persons with courtesy and consideration, regardless of provocation.

Enforcement authority of security personnel: WCJC security officers are not all required to be certified police officers and may not have the powers of arrest or detainment of certified police officers. They do not have the authority to use force in any situation except for self-defense or the defense of others. While the Security officers are prohibited from conducting criminal investigations, it is their responsibility to secure information on incidents of vandalism, loss, injury, and potential or actual hazards on campus property.

Security's relationship with state and local police: Security officers employed by the college are required to enforce all local, state, and federal laws within their jurisdiction. In addition, officers are required to enforce the policies, rules and regulations approved by the administration and the governing body of WCJC. The Office of Security of WCJC maintains a good working relationship with area criminal justice agencies including those in Wharton Sugar Land, and Richmond.

Security officers are required to complete incident reports on all rules infractions and criminal cases reported. A security officer, using procedures stipulated by the Director of Facilities Management reports all crimes occurring on campus to the City Police Department nearest to the campus or extension campus where the crime occurs.

**POLICIES WHICH ENCOURAGE ACCURATE AND PROMPT REPORTING
OF ALL CRIMES TO THE CAMPUS POLICE
AND APPROPRIATE POLICE AGENCIES:**

All members of the community are encouraged to report any suspicious activity. These reports may be made anonymously. Any person may report information on a crime without giving personal information. This information is reviewed, and an attempt is made to substantiate the information.

Guidelines require that "security officers must at all times be aware that they are representatives of the college and must treat all persons with courtesy and consideration."

WCJC Campus Security Policies and Campus Crime Statistics

By exhibiting a professional attitude, by treating people with respect, and by being a model of correct behavior, the WCJC security officers encourage students and employees to promptly report crimes or criminal actions.

Copies of all incident reports are forwarded to the Director of Facilities Management, the Dean of Student Services, the Senior Vice-President of Instruction, the Vice-President of Financial Services and the President of Wharton County Junior College for review in accordance with established college disciplinary guidelines.

INFORMATIONAL PROGRAMS AVAILABLE

Programs designed to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others, and to provide information on crime prevention: Several types of programs are available at the Wharton campus and the extension campuses to encourage students and employees to be responsible for their own security and the security of others. These include regularly scheduled residence hall meetings, freshman orientation presentations, new employee orientations, and staff development activities. The subject is discussed at residence hall meetings twice per year at the beginning of each semester. Freshman orientation is offered to all first-time students during registration periods in the summer. New employee orientations are offered at the time of employment, and staff development activities are offered as needed throughout the year.

CRIME PREVENTION PROGRAMS

Programs available at the college are designed to inform students and employees about the prevention of crimes. These are available at the Wharton Campus and the extension campuses in Richmond and Sugar Land.

Crime prevention measures are presented and discussed with residents in the residence halls twice per year and at new student orientation meetings.

The annual statistical crime report is provided to all employees and potential employees upon request, to all enrolled students, and all potential students who request security information. This report states that all persons who reside, work, or visit campus are responsible for protecting their own property and should take appropriate precautions to prevent loss of such property.

ALCOHOL AND DRUG POLICY

Wharton County Junior College Policy regarding possession, use, and sale of alcoholic beverages and illegal drugs: Wharton County Junior College regulations 878 and 592 prohibit illicit drug use including the manufacture, sale, distribution, dispensation, possession, or use of drugs in the workplace, on campus, or as any part of college activities. The college continually strives to maintain an alcohol and drug-free environment that complies with the Drug Free Workplace Act of 1988 and the Drug-free Schools and Communities Act of 1989. A brochure entitled Drug & Alcohol Abuse Prevention Policy describes health risks, penalties under Texas and federal law, and assistance programs provided to students and employees and is distributed each semester.

DRUG AND ALCOHOL ABUSE EDUCATION PROGRAMS:

Information and referral: All members of the college community are eligible to consult with the professional counseling staff of the Office of Student Services at the Wharton campus, the Fort Bend Technical Center, the Sugar Land campus. The Office of Human Resources has information for employees regarding the availability of drug and alcohol abuse assistance programs and information. Referrals are made as needed to mutual-help organizations, private hospitals, public treatment programs, and private drug-treatment practitioners. Brochures and publications pertinent to issues of drug and alcohol abuse are available in these offices and in the residence halls.

Individual Counseling: Individuals are seen on a short-term basis by a licensed professional counselor or by counselors under the supervision of a licensed professional counselor for assistance with drug-related problems.

Group Counseling: Details regarding a local chapter of Alcoholics Anonymous (AA) are available from the Office of Student Services.

Employee Assistance: The Office of Human Resources staff provides services to campus faculty and staff that include information, referral, consultation, and short-term problem-solving.

SEXUAL ASSAULT POLICY

Sex offenses including rape, acquaintance rape and other sex offenses (forcible and non-forcible) against any student or employee occurring on campus or at WCJC sponsored activities off campus will not be tolerated. Victims of sex crimes should report such offenses to the Safety and Security Department, the Dean of Student Services, the Vice-President of Financial Services, or the Senior Vice-President of Instruction and the police. Victims will be informed of their options to notify local law enforcement authorities (Wharton County Junior College, Regulation No. 593).

SEXUAL ASSAULT PROGRAMS AIMED AT PREVENTION OF SEX OFFENSES

Educational programs which promote the awareness of rape, acquaintance rape, domestic violence and other sex offenses are offered to students at mandatory residence hall meetings in the fall and spring semesters of each year.

Information, brochures, and counseling by professional counselors is available through the Office of Student Services and in the Counseling offices at all other campuses.

PROCEDURES TO FOLLOW IF A SEX OFFENSE OCCURS

Whom to contact: Victims of sexual assault should report the offense immediately to the Office of Security, the Dean of Student Services, the Senior Vice-President of Instruction, or the Vice-President of Financial Services.

Importance of preserving evidence: Evidence of the assault should be preserved whenever possible. The victim should not bathe or shower and should not throw away or wash the clothes worn at the time of the assault. The victim is offered assistance in the reporting process and, to the extent permitted by law, is granted anonymity. Complaints and disciplinary actions, unless otherwise provided for, are considered confidential and are subject to the provisions of the Family Educational Rights and Privacy Act (Public Law 93-389).

To whom the alleged offense is reported: The offense will be reported to the Office of Security and counted on the statistical report.

Reporting options: The security officer and/or another administrator will inform the person of their option to report the offense to a local law enforcement agency and will offer to assist the person in making the report.

PROCEDURES FOR ON-CAMPUS DISCIPLINARY ACTION IN CASES OF SEXUAL ASSAULT

The college has established policy and guidelines for student conduct [Regulation 592] and for procedures in applying the guidelines that insure the protection of rights for the individual. The college will insure due process for students who are charged with violations of college rules and regulations that include sexual assault. Both the accuser and the person(s) accused of an offense are entitled to have other(s) present during disciplinary proceedings and both the accused and the accuser shall be informed in writing of the outcome of any disciplinary hearing. Compliance with this procedure does not constitute a violation of the Family Educational Rights and Privacy Act (20 U.S.C. 1232g). The definition of the outcome of a disciplinary proceeding means only the institution's final determination with respect to the alleged sex offense and any sanction that is imposed against the accused.

SANCTIONS

A student who is determined to have committed sexual assault (forcible or non-forcible) is subject to disciplinary action which may include suspension from college. The student is afforded due process, and the action may be appealed to the College Hearing Board.
