CRIMINAL BACKGROUND CHECK AND DRUG SCREEN

Most clinical facilities require that criminal background checks be completed prior to allowing students to participate in clinical training at their facilities. Applicants conditionally accepted into the WCJC PTA program will be required to complete a criminal background check. Final acceptance into the program is contingent upon a satisfactory background check, which will be completed by an approved agency. An applicant with an unsatisfactory criminal background check will only be eligible to receive full acceptance and enroll in the PTA program if 1) the applicant has their background check information reviewed by the chief investigator of the Texas Board of Physical Therapy Examiners and 2) the applicant provides a letter from the Texas Board of Physical Therapy Examiners stating that the applicant would be currently eligible for state licensure. The cost of the criminal background check will be at the applicant’s expense. The anticipated cost for the criminal background check is approximately \$55.00.

DRUG TESTING

The student enrolled in the PTA program may also be subject to drug screen testing if required by a clinical facility or if the student is suspected of substance abuse at any time during a clinical affiliation.

ADMISSION TO THE COLLEGE DOES NOT GUARANTEE ADMISSION TO THE PTA PROGRAM.

Applicants will be notified of the accepted, alternate, or not accepted status in June. Should a position become available, that position will be filled with an alternate from the alternate list. Applicants in the alternate pool will be re-evaluated by the selection committee and the best available alternate will be selected to fill any vacant position. The technical courses for the physical therapist assistant program are not designed to transfer to four-year institutions. Students who are planning to pursue a physical therapist degree should consult with an advisor from the four-year institution to plan an appropriate selection of classes to ensure all requirements are met.

Wharton County Junior College does not discriminate on the basis of race, color, age, marital status, national origin, religion, sex, or disability.

It is the sole responsibility of the applicant to request and secure from the Registrar's Office information such as test scores and transcripts well in advance of stated deadlines. The Registrar's Office will NOT fax or send via interoffice mail test scores or transcripts to the PTA Program. Prior to the stated deadline, applicants are encouraged to follow-up with the PTA Program director or secretary and determine if their application is complete.
