During the Citizens’ Comments section of the agenda, any citizen/taxpayer (that is, any member of the public, including college employees) may request to address the board in open meeting. If, however, the topic of the presentation to the board falls within one of the other policies of the college, such as the employee complaint or grievance policy or student complaint policy, the person must first go through the proper administrative channels. In such cases, the right to address the board is guaranteed after the administrative channels have been exhausted.

If any speaker’s presentation contains complaints or concerns about an individual employee or officer of the district, that presentation will be conducted in executive session with the board members unless the employee or officer about whom the comments are made requests that the comments be made publicly.

These presentations are made for information purposes only. The board is required to listen to the presentations but not to discuss or act on the items presented. If the board feels the matter warrants further attention, it can be placed on the agenda for a subsequent meeting.

Management Reports

The following management reports for the month of March 2006 are for your information:

1. Department of Information Technology: Pam Youngblood, (Vice President of Technology and Institutional Research)

2. Financial Aid: Gus Wessels, (Dean of Financial and Business Services)

3. Student Services: Wayne Taylor (Dean of Student Services/Director of Dual Credit Enrollment)
The Institutional Research Office has completed and certified the spring 2006 CBM008 Coordinating Board report and completed the IPEDS Spring data collection. The Faculty Staff survey and the Student Opinion survey were given to the employees and students of WCJC to complete.

The Database Administrator and the MIS Infrastructure Architect have worked long hours starting on Friday, April 28th until Sunday, April 30th to have the upgrade installed and ready for business on Monday, May 1, 2006. The Institutional Research Office, the programming staff, and the functional key users helped in the testing of the upgrade to the Oracle 9.2.0.6 database. The upgrade was successful and we are currently using the 9.2.0.6 version of the Oracle database and a new server for online services.

The Webmaster continues to provide tech support to the faculty for their web pages. He has developed a web calendar and instructions explaining how to post and edit calendar events. He also has been researching the different content management systems that can be used to enhance and keep current the web content on the WCJC website.

Several reports regarding graduation have been developed by the programming staff. A defect in the batch fee assessment process was discovered that caused errors in processing Title IV calculations. The programming staff has corrected those errors and has identified patches required to help fix the fee assessment process.

The Technical Services team installed new server racks at Wharton and Sugar Land with new servers and tape libraries. The new servers were purchased with the Congressional grant money. During the month of March, there were 138 new service requests submitted for the Technical Services team. Of the 138 new service requests, 110 were completed. A total of 138 outstanding issues were completed with a total of 61 issues still remaining.

The Technical Services team replaced the following locations older computer systems with new computer systems in April. The MIS Infrastructure Architect installed the proper tools to these new computers for the offices to continue their business processes.

Clipping Service for Month of April 2006

Schneider named to dean's list at Wharton County Junior College

Amy Renee Schneider of New Braunfels was named to the Wharton County Junior College dean's list for the fall semester of 2005.

Students must earn at least a 3.5 grade-point average, out of a possible 4.0 in all work completed during at least 12 semester hours of work.

Mund withdraws; no WCJC election

Wharton County Junior College will not have an election after all.

Theresa K. Mund of Wharton filed late last week for Position 5, held by Rick Davis of El Campo. But on Monday, with just one hour and 20 minutes left in the filing period, she withdrew her candidacy, leaving Davis unopposed.

Also unopposed for college board are Position 6 trustee Gerald Donaldson from the Boling area, Position 7 trustee Danny Gertson III from the East Bernard area, and Position 2 trustee Gary Trochta from El Campo.

The reason for Mund's withdrawal remains unclear. She declined to return the newspaper's call when a message was left with someone at her home.

It may, however, have something to do with a "gentleman's agreement" established more than 50 years ago when the college was first begun.

Each board seat was unofficially designated for a particular portion of the county, in order to assure balanced representation.

WCJC students perform on cruise ship

While most students from Wharton County Junior College were enjoying time off from classes during Spring Break the WCJC Choir and Band were getting set to perform before a crowd of people from across America and abroad.

On March 16, students from the WCJC Music Department vocal and instrumental ensembles boarded the Carnival Cruise Line ship M.S. Elation, berthed in Galveston and bound for the port of Calica, Mexico.

Students had the opportunity to enjoy several days of shipboard activities as well as several hours in the town of Playa del Carmen, Mexico, before performing in the Makado Lounge of the M.S. Elation on March 19.

The performance was well attended by people from throughout the U.S. as well as people from England, Italy, India and Pakistan.

The choir began the concert with the musical number "Bridge Over Troubled Water" followed by a medley of songs from "West Side Story."

The Women's Quintet performed "The Rose," followed by the Men's Quartet Plus One who sang a barbershop arrangement of "I've Been Workin' On the Railroad."

Several officers of the ship said they hoped that the WCJC music ensembles would get the opportunity to perform for them again in the future.

The WCJC board Tuesday approved an “interlocal agreement” authorizing the action.
Bullriders ignore all fear

They're usually the smallest and lightest members of the rodeo team. But they take on the biggest and meanest beasts in the arena.

They are the bullriders. Strapped on a 2,000 pound mass of fury they try to stay aboard for an 8-second bone-jarring ride. During that 8 seconds the bull is trying to get him off his back any way he can.

Even if not thrown there's the chance of getting hooked or hung up on their dismount. Your closest friends become the rodeo clowns and the fences.

What makes them do it?
Two local bullriders are Douglas Duncan and Cody Graves on the Wharton County Junior College Rodeo Team. Duncan from Alvin and Graves from East Bernard are self-proclaimed "adrenaline junkies." They say that the "ranker" the bull the more the adrenaline flows.

Duncan started riding calves at age 4 and progressed up to bulls. He's suffered a broken arm, elbow, fractured ribs, broken cheek bone and torn groin muscle.

Graves has only been riding about seven years and has been through a broken foot, ankle, three ribs, lacerated kidney, loss the tip of his finger when a bull stepped on it and has had his teeth knocked loose.

Duncan had his last operation in January and is just now getting to ride again.

Both agree bullriders have to be a little bit "cocky" about themselves. While it's not a verbal thing, it has to be felt on the inside.

"Fear cannot be part of what you're thinking about when you get on a bull," Duncan said. "You never think about being thrown off. You think you will make every ride."

While 8 seconds does not seem like much time, it can seem forever astride a bucking, spinning bull.

Some riders try to memorize the patterns certain bulls are known to buck by.

"I don't try to do that," says Graves. "All of the riding should be reaction to the bull and not anticipated. It all happens in split seconds."

While most students look forward to summer jobs and vacations, bullriders look for rodeos.

"It's the way we make our money, it's our jobs," Graves said. "Doug and I will be traveling together this summer."

Bullriding is not for everyone.

"You have to make up your mind whether you going to do it or not," he said. "Then you can't go at it half-hearted, you have to get for it full-fledged."

College hopes to hike its pay scale

By RONALD K. SANDERS
Journal-Spectator News Editor

College adopts a budget for the next school year. And if history is any indicator, the rumbles will soon begin over the pocketbook issue — not the bill taxpayers will foot but the pay checks faculty members will take home.

Salaries and benefits are a huge chunk of WCJC’s $23.6 million budget. In this current school year, WCJC expects to spend about $15.5 million on salaries and benefits — just over two-thirds of all appropriations.

WCJC employs about 140 full-time and 170 part-time instructors. In all, from groundkeepers to administrative assistants to top administrators, WCJC has about 295 full-time and 347 part-time employees spread over three campuses.

The college’s budget preparation process already has started for the next fiscal year, which begins Sept. 1, 2006. Departmental requests have been submitted and are being input, President Betty McCrohan said. Revenue estimates are now being prepared.

In the past, faculty representatives have been vocal in their requests to the board of trustees for higher pay. And already, the Faculty Advisory Council has broached raises for next year.

The group met last month with interactive television linking participants among the Wharton, Richmond and Sugar Land campuses.

The FAC said the college board of trustees should be thanked for the fact that WCJC has moved up rank from the 38th lowest paid out of 51 Texas community colleges reporting last year to 31st lowest out of 46 reporting this year. But, the group noted, WCJC is still in the bottom half of the rankings.

However, WCJC has among the most experienced faculty in the state. They average 16 years of service, according to the statewide survey cited by the FAC. Only two other colleges have higher averages.

Last year, the average WCJC faculty member had taught for 15 years.

The FAC suggested that the annual, automatic “step” salary increases go up from $500 to $1,000. Under this portion of the formula, teachers get this automatic annual raise.

But aside from step increases, WCJC board members have given instructors, librarians and counselors a total of $5,500 in base pay increases since the 2001-02 school year.

All together, the base salary increases cost the college more than $1 million annually.

The goal, president McCrohan said, is to bring WCJC pay to about the middle among all Texas community colleges.

In 2004, WCJC was at or near the bottom for community colleges in the Gulf Coast area. WCJC competes in recruitment with these same area colleges.

WCJC experiences difficulty in recruiting instructors in certain areas including science and nursing, McCrohan said.

A five-year plan, she said, is being re-established to get salaries up. State funding cuts diverted the previous plan, she said.

"Statewide, I know we are moving up," president McCrohan said. But she adds, "I'd like us to be at a higher level."

College board okays new faculty positions

Wharton County Junior College has added full-time faculty positions to handle anticipated higher demand in education, psychology, and legal assisting courses.

The associate’s degree in teaching degree is an entirely new program at WCJC, with the new instructor sharing responsibility over 250-plus students who are declared education majors on the teaching track.

The psychology position will help cover demand seen for the classes starting in the 2006-07 school year, college officials said.

The final new teaching position, legal assisting, results from the program growing beyond what the single instructor can handle, according to college officials.

Currently, the single instructor handles 54 students on three campuses, the college said.

The WCJC board of trustees approved creating the positions when meeting Tuesday. The action was recommended by the administration.
Prospective college students will have a chance to meet with University of Houston at Victoria and Wharton County Junior College officials at El Campo's Northside Education Center Tuesday.

The program, which will be held from 4 to 6 p.m., is open to anyone interested in educational opportunities. WCJC personnel will be available to discuss their entire slate of class offerings while UH-V personnel will be focusing on the College of Education's classes.

"It's the first time we've had UH-V representatives," Northside worker Irene Barr said Thursday.

The Northside Center plays host to several UH-V classes in the education field from undergraduate to graduate as well as certification studies.

"And WCJC will be here for anyone interested in college," Barr said, adding George Lehnert, a financial aid counselor, will also be on hand.

"He's always ready to help students complete their FAFSA (Free Application for Federal Student Aid) forms," she added. "It's a great opportunity to get information." No appointment is necessary.

In addition to Lehnert, WCJC recruiting coordinator Julie Aaronson will be on hand as well as Barbara Lynn, the chair for the department of education and early childhood.

UH-V Education Dean Dr. John Stansell will be available as well as Dr. Carol Klages, chair of the initial certification program, and certification analyst Emily Harrison.

The goal of the program is to assist those interested in taking college courses - especially locally. With an increase in enrollment, the center could boost class offerings. The Northside Education Center, 707 Fahrenheit, is a nonprofit organization which receives funding from the city of El Campo and El Campo school district.

**WCJC Reps in El Campo April 4**

WCJC's Coordinator of Recruiting, Julie Aaronson, Financial Aid Counselor George Lehnert, and Education and Early Childhood Dept. Chair Barbara Lynn, will be at the Northside Education Center on Tuesday, April 4 from 4-6 p.m. Anyone interested in attending WCJC is invited to drop by and visit regarding admissions, registration, educational programs/degrees, testing, financial aid, etc. Current WCJC catalogues and class schedules for credit courses and continuing education classes will be available. Mr. Lehnert will assist with completion of the FAFSA. Northside Education Center is located at 707 Fahrenheit in El Campo, directly behind the El Campo Library.

The Whitecaps won the first game 6-1 and scored six runs in the top of the ninth inning to break a 2-2 tie and win 8-2. Wednesday's scheduled first game of the series was postponed because of rain and will be played at 7 p.m. tonight in Galveston.
The losses left the Pioneers with a 10-11 record in the South Zone of the Region XIV standings and the Whitecaps improved to 14-12.
The Pioneers had scoring chances throughout the seven inning contest but couldn't come up with the big hit.
Galveston went up 1-0 in third after Sean O'Bannon walked and scored on an RBI double by David Prevost.
The Whitecaps made it 2-0 in the fourth when Stephen Flora singled and later scored on a base hit by O'Bannon.
WCJC answered with one run in the bottom of the inning.
Chris Widener led off with a double down the right field line and scored on a single by Petty.
Ross Shores reached on an infield single. Petty and Shores moved up on a ground ball by Grant Taylor.
But Tyler Hicks struck out and Kyle Mueller grounded out.
After a scoreless fifth inning, Galveston scored two runs in the sixth to go up 4-1.
Josh Lara took the mound for Christian Loeffler who started.
Flora walked and O'Bannon singled home Arroyo.
WCJC threatened in the bottom of the inning but failed to pick up a run.
Petty singled with one out. Shores walked and Grant Taylor singled to load the bases. But Hicks hit into an inning-ending double play.
The Whitecaps picked up two insurance runs in the top of the seventh, taking advantage of two errors, to go up 6-1.
Prevost was hit by a pitch and stole second and third. He scored when a ground ball by Will Braden was misplayed.
Malcolm Crowely reached on an error and Braden went to third.
He scored on a single by LeBlanc. Arroyo then hit into a double play to end the inning.

WCJC cosmetology
a secret for sharing

Today is April Fool's, "Dia De Los Inocentes." Jeanie Merka told me, "It's the best kept secret in Wharton County." Indeed, I happen to agree. I was at the Senior Citizen's Center last week and decided to visit the Cosmetology Department of WCJC. I was in for a pleasant surprise. I want all of you ladies and gents to take note because we have a treasure here. I recognized the pretty lady in the office, Jackie Brinlee, who is the person in charge and the main instructor.

Their very attractive, spacious and state of the art facility is available to anyone who wants to improve their image. Pretty young ladies and some gentlemen are students of Cosmetology. They offer hair cuts, hair styling, manicures, pedicures, highlighting, tints, perms, just about anything you want to have changed. Jackie said they have three instructors, herself, Marlene Kohleffel and Joshann Gonzales who is the evening instructor. Jackie has been there for 16 years, with plenty of experience, she does a great job. They are open Tuesdays from 9 to 3:30 p.m. Wednesdays they open at 12:30 and Thursdays they are open all day. The night program starts at 6:30 p.m. They have three levels for graduation three times a year. You may call ahead for an appointment but they also take walk-ins. It is located in the LaDieu building across from H-E-B.

The Hospice event last Saturday in El Campo was full of fun and yes, full of food. The Jobses were some of the judges for Pinto Beans. We were seated comfortably at a long table with about a dozen others judging. Close to us were Randy Clapp, Mary Jo Storey, Cassie Miles and Dr. Laurie Hulsman who recently opened her practice in El Campo. We were well taken care of by Wayne Popp, his daughter Kendra Charublu and other volunteers who kept us well hydrated and our plates full of pickles. Everything took place at Father Muldoon's Sports Bar located across from the post office. Joan Angel was in charge of the "Relay for Life" of the American Cancer Society. Proceeds were divided between Wharton and Matagorda County Relay for Life and Hospice. A pretty good combination.

Ruth Kainer came to take a peek when we were eating beans. We saw her later in the VIP room where they served all sorts of dips, vegetable trays, sandwiches, barbecued brisket, you name it, a wide variety of food. Following the bean judging, was the chicken judging and our sheriff Jess Howell and Ann Gooden of Wharton Manor were among the judges. The hospice program supports the patients...
and their family with the physical, emotional and spiritual issues. It is an affiliate of Houston Hospice, an organization that has been serving the needs of terminally ill patients and their families for more than 20 years.

We enjoyed visiting with Laura Elliott, the office manager for Dr. Hulzman; Shirley Popp; Clarice Kutach and Gayla Shimel of Boling Hospice Volunteers; Debbie Sharp and Millie Mireles, a nurse for Hospice, and on our way out visited with Caroline Ottis. Great to see everyone. The day was perfect for the event. After tasting 27 different ways of cooking pinto beans, we came home full of beans.

At Los Cucos we were with Bill and Aline Hubenak and Lila and Allen Kohleffel. A group of four good looking ladies were having a good visit and a nice meal – Adine Holland, Doris Kleas, Dot Hudgings and Mary Lou Woźniak. At another table, Mary and Bob Zahradnik, another nice couple, Mark and Barbara Goodell, also Jackie Douglas, Wilbur and Eleanor Schunka, Jody and Bernadette Svatik. In 1998, Jody was diagnosed with cancer. His story (there is more than one) is something that needs to be told. He is a living proof that miracles do happen. By the way his business is booming. Jody can be found on the corner across the street from H-E-B and WCJC. He makes all kind of swings, chairs and all you need for your patio specially with summertime around the corner. Others who came later on for a good meal were Bobbie Brod, Jennifer, Hannah and Garland Mann, and Judd Cullers and one of his pretty daughters.

We met Shawn Anderson the new manager for Los Cucos. This nice young man was making sure everybody was being taken care of. Shawn came here from Houston and has been here almost two months. In about another month, he says they will be opening the downstairs floor.

Leah Galloway is sporting a beautiful ring on that special finger. Her beau Bryan Ondrias surprised her when he took her out to eat at Ruth’s Chris Steak House in Houston. Before doing that, he made sure to call her father Nat Galloway and tell him his intentions. This happened about two weeks ago. Leah is daughter of Nat and Donna Galloway. Bryan’s parents are Ernie and Jan Ondrias all of Wharton. Best wishes. The couple has not set a date yet. Nat Galloway and a friend were in Phoenix, Arizona for the World Baseball Classic.

For spring break, Charles and Pat Goodwin, their son Brad and grandsons Hunter and Hayden, and Pat’s sister, Jaynee McLeod, drove to the Imperial Sand Dunes in Southern California to ride 4-wheelers. On the way, they spent the night in Wilcox, Arizona. When they woke up the next morning, everything was covered with snow. One of the

residents of Wilcox said that the Texas Rock Canyon pass might be snowed in and would not be passable for hours. Charles called the highway department and they assured him that the roads were open. When they arrived at the dunes, Jaynee’s son Greg and wife JoAnn greeted them. During their stay, they slept in tents. The first night the temperature was below freezing, but the next day forward, the weather was perfect. Everyone had such a great time that they plan to make this an annual event.

Cynthia Martin, originator of Glamour Beads was at Miss Hattie’s Antiques recently. She had beautiful fireballs and semi-precious and hand-blown lampwork beads. You can add to your collection of beads and silver. If you would like more information go by Miss Hattie’s Antiques, talk to Missy and look around. I know you’ll find something you like. I usually do.

Don’t forget that tomorrow we have a date! The Colorado River Community Band is giving a free concert at Wharton Manor Nursing Center. Everybody is cordially invited. The time is perfect to bring your entire family. From 3 to 4 p.m. you will enjoy good music and fantastic camaraderie. See you tomorrow!

Sue Hall is in Oak Bend Hospital after she suffered a fall and fractured her hip. She is doing well and in good spirits. She should be back home any time now. By the way, Ann Graves is the Medical Staff Coordinator at Oak Bend. She is looking great and very happy.

The Plaza Theater is presenting Marc Sangalli’s original comedy, “The Write Way” tonight at 7:30 p.m., tomorrow at 2:30 p.m. and April 7, 8 and 9. Tickets are $10 for adults and $5 for full-time students age 22 and under. This is Dr. Sangalli’s theatrical debut in the writing world. Best of luck!

James Foranson is now at Triumph Rehabilitation Hospital in Sugar Land. Phillip Koonce underwent recent surgery and is doing well at home. Paul Jones is preparing for further surgery. David Hall of Victoria, son of Sue Hall, underwent surgery in Houston. Clayton Bridges had shoulder surgery. He is the grandson of Ed and Frances Cullers.

Bob Jordan had knee surgery. He is the son-in-law of Sandra and Sherrill Speer.

Faculty hope to get WCJC pay on par with peers

By RONALD K. SANDERS

Four months will likely pass before Wharton County Junior College adopts a budget for the next school year. And if history is any indicator, the rumblings will soon begin over the pocketbook issue — not the bill taxpayers will foot but the pay checks faculty members will take home.

Salaries and benefits are a huge chunk of WCJC's $23.6 million budget. In this current school year, WCJC expects to spend about $15.5 million on salaries and benefits — just over two-thirds of all appropriations.

WCJC employs about 140 full-time and 170 part-time instructors. In all, from groundkeepers to administrative assistants to top administrators, WCJC has about 296 full-time and 347 part-time employees spread over three campuses.

The college's budget preparation process already has started for the next fiscal year, which begins Sept. 1, 2006. Departmental requests have been submitted and are being input, President Betty McCrohan said.

(See FACULTY, Page 8-A)

Faculty pay

(Continued from Page 3-A)

Revenue estimates are now being prepared.

In the past, faculty representatives have been vocal in their requests to the board of trustees for higher pay. And already, the Faculty Advisory Council has broached raises for next year.

The FAC said the college board of trustees should be thanked for the fact that WCJC has moved up rank from the 38th lowest paid out of 51 Texas community colleges reporting last year to 31st lowest out of 46 reporting this year. But, the group noted, WCJC is still in the bottom half of the rankings.

However, WCJC has among the most experienced faculty in the state. They average 16 years of service, according to the statewide survey cited by the FAC. Only two other colleges have higher averages.

Last year, the average WCJC faculty member had taught for 15 years.

The FAC suggested that the annual, automatic "step" salary increases go up from $500 to $1,000. But aside from step increases, WCJC board members have given instructors, librarians and counselors a total of $5,500 in base pay increases since the 2001-02 school year.

All together, the base salary increases cost the college more than $1 million annually.

The goal, president McCrohan said, is to bring WCJC pay to about the middle among all Texas community colleges. A five-year plan, she said, is being re-established to get salaries up.
Whitecaps complete sweep
Pioneers visit Blinn College tonight

By MIKE KONVICKA
Journal-Spectator Sports Editor

GALVESTON — Galveston’s baseball team pulled out their brooms following a 4-1 win over WCJC Saturday night.

The Whitecaps beat the Pioneers twice on Friday at Tiger Field by 6-1 and 8-2 scores. It was WCJC’s first South Zone series to be swept.

The three losses left the Pioneers, entering tonight’s road game against Blinn, in sixth place with a 10-12 record.

WCJC coach Bob Nottebart disagreed that his team didn’t put on their best showing.

“It was a situation that Galveston was playing really well and getting every break,” said Nottebart.

“They are hot right now and things are going their way.”

Galveston is now tied for second with San Jacinto at 15-12.

League-leading Alvin is 15-10. The Buccaneers are 13-11 and Laredo is 12-12.

“Consistency is hard to establish,” said Nottebart. “You never know what’s going to happen.”

The Pioneers and Buccaneers play a doubleheader at 1 p.m. Saturday at Tiger Field.

“It’s getting kind of down to sink or swim,” said Nottebart, referring to the Pioneers’ final 12 games. “It will be interesting to see what happens.”

In Friday’s second game, Galveston scored six runs in the top of the ninth inning to break a 2-2 tie and win 8-2.

The Whitecaps got a four-run second inning on Saturday to go up 4-0.

Steven Arroyo was it by a pitch and Stephen Flora singled.

Singles by Sean O’Bannion and Nick Camp coupled with fielding errors scored Arroyo and Flora.

They scored on a single by David Prevost.

WCJC scored its lone run in the fourth.

Tyler Hicks singled and made it to third on a throwing error. He scored on a sacrifice fly ball by Ryan Majewski.

Greg Gossett then walked and Chase Wheaton singled. But Chris Widener hit into a 6-4-3 double play.

Wheaton walked to lead off the eighth but was erased on a double play ball by Widener.

Hicks singled with two outs in the ninth but Mueller struck out to end the game.

Colter Zoch went the distance on the mound, scattering eight hits and striking out eight.

Mueller ranks fourth in the South Zone in hitting with a .397 average.

Wheaton is fifth with a .390 average.

Pitcher Colter Zoch owns a 5-2 record.

College to have open house for business division April 11

Individuals considering technology and business careers are encouraged to attend an open house sponsored by the Wharton County Junior College Division of Technology & Business on Tuesday, April 11.

It will be held from 5 to 7 p.m. in the Peace Building at the corner of Pioneer Street and Horton Foote Drive on the Wharton campus.

Those attending can speak with WCJC faculty and staff, current students, and alumni from all WCJC campuses about certificate and associate of arts and science degree programs in CISCO Router Networking, Computer Programming, Electronics, Engineering Design, Network Administration, Office Administration, Paralegal Studies, and PC Technical Support.

Some instructional labs will also be open for viewing and hands-on demonstrations. In addition, prospective employers will be available to discuss job opportunities and projected growth in these careers.

Stephanie Dees, WCJC division chair for technology and business, said the open house is a good way to learn more about jobs and their educational requirements.

"We want to reach out to individuals of all ages who are interested in these fields. This includes high school students and their parents, as well as individuals who may currently be in the workforce and are considering a career change," she said.

Dees adds that other good candidates for her division’s programs are individuals who need more skills in their current jobs. As an example, she cites a person who may be providing PC support for their company who could benefit from the PC Technical Support certificate or the Network Administration AAS degree program.

Open house to explain business, technology careers

Individuals considering technology and business careers are encouraged to attend an open house sponsored by the Wharton County Junior College Division of Technology & Business on Tuesday, April 11.

It will be held from 5 to 7 p.m. in the Peace Building at the corner of Pioneer Street and Horton Foote Drive on the Wharton campus.

Those attending can speak with WCJC faculty and staff, current students, and alumni from all WCJC campuses about certificate and associate of arts and science degree programs in CISCO Router Networking, Computer Programming, Electronics, Engineering Design, Network Administration, Office Administration, Paralegal Studies, and PC Technical Support. Some instructional labs will also be open for viewing and hands-on demonstrations. In addition, prospective employers will be available to discuss job opportunities and projected growth in these careers.

Stephanie Dees, WCJC division chair for technology and business, said the open house is a good way for individuals who may be interested in computers, engineering, legal, or business and administrative work to learn more about the jobs and educational requirements needed for careers in these fields.

"We want to reach out to individuals of all ages who are interested in these fields. This includes high school students and their parents, as well as individuals who may currently be in the workforce and are considering a career change," she said.

Dees adds that other good candidates for her division’s programs are individuals who need more skills in their current jobs. As an example, she cites a person who may be providing PC support for their company who could benefit from the PC Technical Support certificate or the Network Administration AAS degree program.

Attendees to the WCJC open house will find general information and refreshments on the first floor of the Peace Building. More in-depth information will be available from department representatives on the second floor. For more information, contact 532-6394.

Remember to watch out for deadlines; they have a tendency to sneak up unexpectedly. A few tips:

- Make a list of scholarships you plan to apply for and write the deadlines on your calendar.
- Set a goal for when you want to have each application complete, stick to it, and work toward it.
- An incomplete application is not one to put off; it is one to be worked on and submitted for a chance to win money to pay for college.
- Don't wait until the last minute.

Pioneers swept by Alvin; losing streak extended to nine

By MIKE KONVICKA
Journal-Spectator Sports Editor

WCJC's baseball team continued its downward swing after being swept by Alvin College earlier in the week.
The Dolphins won Wednesday's first game in Alvin, 13-7, and then took Thursday's doubleheader by 7-6 and 8-2 scores at Tiger Field.

"I never expected to be swept but I'm not surprised because Alvin always plays hard and they are in first place," said WCJC coach Bob Nottebart.

The sweep by Alvin gave the Pioneers a nine-game losing streak as they fell to 10-18 in the South Zone Region XIV standings.

First place Alvin improved to 20-10.

Second place Blinn beat Laredo in Thursday's first game of a three-game series to improve to 18-11.

"We've gotten on a little roll and have been playing good lately," said Alvin coach Bryan Alexander.

"We're starting to put it together and also winning on the road."

WCJC would need to win their final six games, three against San Jacinto and three against UT Brownsville to have a chance to take the fourth and final playoff spot.

"It's going to take a miracle," said Nottebart.

They Buccaneers and Laredo played a doubleheader in Brenham on Friday and the Palominos won the first game 9-4 to improve to 16-13.

Third place San Jacinto swept UT Brownsville to improve to 18-12 and UT Brownsville dropped to 8-24.

In Thursday's first game, WCJC jumped out to a 3-0 lead in the first inning. Kyle Mueller walked and

Gregg Gossett singled.

Chase Wheaton followed with an RBI double and Ryan Majewski added a two-run single.

But Alvin tied the score in the third and scored four runs in the fifth to go up 7-3.

Majewski reached on a bunt single in the fourth and was stranded.

The Pioneers made it 7-6 with three runs in the sixth.

Wheaton led off with a single. After Chris Widener flew out, Daniel Petty singled and Majewski followed with an RBI double.

A fly ball by Trent Oroso combined with a throwing error scored Petty and Majewski.

WCJC failed to pick up the tying run in the seventh.

Alvin scored a run in the fifth inning to break a scoreless tie in the second game.

The Pioneers scored their first run in the bottom of the inning.

Jake Cotten and Greg Gossett reached on bunt singles. Grant Taylor singled home Cotten and Gossett scored on a double play ball.

Alvin got a two-run homer by Joel Garcia in the sixth inning to go up 3-1.

Aaron Bazen hit a two-run shot in the seventh as the Dolphins scored five runs to extend their lead to 8-1.

The Pioneers picked up their final run in the eighth.

Billy Hicks walked and made it to third with Kyle Mueller reached on an error. Hicks scored on a fielder's choice ground ball by Majewski.

Wheaton then struck out and Widener grounded out to end the inning.

Taylor was hit by a pitch in the ninth and Gossett walked. But Hicks stuck out to end the game.

Date of Board Meeting: May 16, 2006    Date of This Proposal: May 5, 2006

SUBJECT:

Approve the selection of an electronic installment system for our on-line registration students.

RECOMMENDATION:

Approve the selection of an electronic installment system for our on-line registration students.

BACKGROUND/RATIONALE:

Bid packets were sent to 6 companies. 3 proposals were received. Staff members from several departments met and evaluated the proposals submitted by Touch Net, Sallie Mae, and FACTS. Several items need to be confirmed before a recommendation can be made. The committee will complete its evaluation and bring a recommendation to the Board for consideration at the regular meeting on May 16, 2006. The selected company will collect the $35 installment fee and keep $25 of that amount as their charge for service. The remaining $10 will be remitted to the College. Due to the selected vendor’s ability to automatically draft on the student’s bank account or credit card, the College should realize an increase in installment agreement collections, and thus a reduction in installment agreement bad debt write-offs each year.

Estimated Cost & Budgetary Support (how will this be paid for?): Foregone revenue of $25 per installment account.

SUBJECT:

Approve the slate of vendors to complete the renovations to the Fine Arts Theater at a total cost of $84,962.82.

RECOMMENDATION:

Approve the slate of vendors to complete the renovations to the Fine Arts Theater at a total cost of $84,962.82.

BACKGROUND/RATIONALE:

Vendor bid packets were sent to seven companies seeking proposals for the seating renovations requested to the Fine Arts Theater. Six companies responded. After reviewing the proposals, it is our recommendation that the College accept the bid submitted by Coastal Flooring of $21,187.29 to complete the flooring in the Theater. The prices submitted for the other parts of the project were higher than expected and are being rejected. Rick Lowe and Company of Houston have American Seating products available on a State of Texas TXMAS contract that satisfies our bid requirements. The American Seating Spirit Chair can be installed in the Theater using this contract for $45,775.53. The other parts of the project include removal and disposal of the existing seating, and the raising of the floor to eliminate the handicap ramp. The cost of these other parts of the project will not exceed $18,000, making the total cost of the renovation $84,962.82.

Date of Board Meeting: May 16, 2006        Date of This Proposal: May 5, 2006

SUBJECT:

Approve a retail electricity provider for the College.

RECOMMENDATION:

Authorize the President to select the best retail electric service proposal for the College.

BACKGROUND/RATIONALE:

The College will be evaluating electricity service providers over the next several months. Our current agreement with the Texas General Land Office expires 12-31-06. Final price quotes may be received from qualified providers after their proposals are evaluated. The volatility of these final price quotes makes it impossible to guarantee that price until the next Board meeting. Therefore, I am requesting that the Board of Trustees authorize the President to select the proposal deemed to be in the best interest of the College. The Purchasing Department will summarize and report to the Board a list of the bids received and the final price quoted at a future Board Meeting.

Estimated Cost & Budgetary Support (how will this be paid for?): Estimated $1,200,000. Current Unrestricted Operating Budget for 2006 – 2007.

Information Item

RECOMMENDATION:
Seek bids and contract options for electrical service beginning January 1, 2007.

BACKGROUND/RATIONALE:
The College will solicit bids from electricity suppliers in preparation of our current 36 month contract ending with the State of Texas General Land Office & Reliant Energy on December 31, 2006. This process may take 3 to 4 months to research, prepare the bid documents, receive, and evaluate the bids. This is a very complex process of soliciting qualified vendors first, and then gathering their best offers over a period of several days.

Estimated Cost & Budgetary Support (how will this be paid for?): Estimated $1,200,000.

PERKINS BASIC GRANT ALLOCATION

Grant Year 2007 (September 1, 2006 - August 31, 2007)

Postsecondary funds are awarded through the annual application process. Eighty-five percent of the Carl Perkins funding is allocated to community and technical colleges based on the Technical Pell count.

The following methodology, recommended by the CTC Advisory Committee for Program Quality and Standards, was used:

1. Match the Pell recipient social security numbers with those collected on the Financial Aid Database (FAD) to the 001/00A.

2. For all technical majors (including tech-prep and workforce continuing education), calculate the contact hours for all courses (developmental courses as well as academic). Note: type major is reported in item #13C on the CBM001 and the CBM00A.

3. For all academic majors, calculate the contact hours in technical courses.

4. If a student declares a technical major at any point during the year, the student will be counted as technical.

5. All included contact hours at a college will be added and the respective Full Time Equivalent (FTE) calculated. The FTE will be summed for all public two-year institutions (including Texas State Technical College and Lamar). A dollar funding amount for each FTE will be established. Each college will receive the same dollar amount for each FTE based on its contact hours.

6. The only contact hours that will not be used in this formula are academic courses taken by academic majors. All others will contribute to the Pell count.

Go to the next page to view allocation by district.

SUBJECT: Proposed price increase of ASSET Exam testing fee.

RECOMMENDATION: I recommend we raise our ASSET testing fee to $29.00 so it is the same as the THEA Exam fee. Current fee is $25.00.

BACKGROUND/RATIONALE: Testing materials are expensive to purchase, their fees rise approximately every year or so. In addition, we have to use a method of shipment that is able to track our testing materials while they are in transit, and the shipping company has rising fuel surcharges that are passed on to us.

Estimated Cost and Budgetary Support (how will this be paid for): No cost to the college.

Board of Trustees Meeting

Complete this form and submit it to the Office of the President by noon on Friday, 11 days prior to the Tuesday evening meeting of the Board of Trustees. If this form does not provide enough space, you may use an expanded version as long as you follow the format specified below.

Date of Board Meeting: 5/16/06
Date of this Proposal: 4/19/06

SUBJECT: Proposed price increase on CLEP Tests

RECOMMENDATION: I recommend that we raise our CLEP testing fee from $70.00 as it presently is to $85.00 w/optional essay and $75.00 w/o optional essay. The Test Center Administration fee will remain at $15.00. This $15.00 figure is included in the above totals. CLEP charges a $10.00 fee for scoring essays. This $10.00 figure is also included in the above totals.

BACKGROUND/RATIONALE: CLEP is increasing their fees effective 7/1/06. We will need to pass that fee on to the student/consumer.

Estimated Cost and Budgetary Support (how will this be paid for): No charge to the college.

B. Statement of Collegiate Purpose

Wharton County Junior College, a comprehensive public community college, is charged with the responsibility of providing quality educational opportunities to students within its service area and to all other persons wishing to avail themselves of the services of the College. As a part of the Texas College and University System, the College must meet the diverse educational needs of its students by offering excellence, access, and economy in higher education. By providing a challenging and stimulating academic environment for persons of all ages, races, religions, and lifestyles, the College strives to meet its commitment to enhance personal growth and give adequate preparation for a lifelong role in society.

In short, the College defines its purpose for existence as that of providing an education of value.

C. Statement of Collegiate Goals

In order to make a conscientious endeavor to fulfill this purpose and the consequent obligation to its students, the College dedicates itself to achieving the following goals:

1. To provide quality instruction in the initial two years of baccalaureate education and/or to fulfill the requirements for quality associate degree programs in liberal arts, sciences, and selected preprofessional fields.

2. To provide quality vocational, technical, and career education that includes certificate, diploma, and associate degree programs in occupational, vocational, technical, and semi-technical fields, and is designed to provide job training, retraining, or upgrading of skills to meet individual needs or the changing needs of business, industry, and community.

3. To provide basic skills education that includes developmental instruction and adult basic education designed to enable students to meet their individual educational goals and to provide underprepared students with access to and preparation for employment and post-secondary education.

4. To offer educational support services (including learning resource center, computer services, and instructional support services) and student development services (including educational testing and assessment, counseling, tutoring, career and job placement assistance, student housing, and financial aid) designed to meet individual needs of the student.

5. To provide a program of student activities (student government, honor societies, athletics, forensics, musical and theatrical programs, and recreational activities) designed to develop leadership qualities and to allow the student to express special abilities and interests.

6. To offer community opportunities on and off campus for credit and noncredit adult and continuing education classes designed to stimulate students to satisfy personal education goals and to encourage and provide opportunities for lifelong learning.

7. To respond to community needs by making available College personnel, resources, facilities, and by providing cultural enrichment opportunities.

8. To furnish modern physical facilities and up-to-date equipment for quality educational experiences in an attractive campus environment.

9. To provide excellence in administration, teaching, and support staff by recruiting, selecting, and
retaining the best possible person for each position.

10. To provide the faculty and staff with a climate that promotes opportunities for professional and personal growth and enrichment.

Through striving towards these goals, the College plans to fulfill its obligation to its constituency. When it is successful in achieving these objectives, the College believes it will provide its students with both theoretical and practical knowledge, enabling them to apply their education to the different roles that each adult must assume in a modern society.

D. Statement of Collegiate Strategy

Wharton County Junior College will follow a strategy that commits the college to quality and excellence in education, service, and scholarship. We believe that this is the best approach to the future for the College. While it may not produce the most dramatic short-term results, a dedication to quality and excellence is more likely to produce the kind of long-range results we all want for the College. This commitment to excellence will be based on four initiatives:

1. *High Expectations of Performance:* The College will establish high expectations of performance by requiring:

   a. Academic administrators, division chairs, department heads, and faculty members to develop, agree upon, and disseminate a statement of the knowledge, capacities, and skills that all students will be expected to demonstrate prior to graduation in one of our associate degree programs.

   b. At least 15 semester hours of humanities and liberal arts education of all associate degree recipients.

   c. That liberal arts and humanities requirements be expanded and reinvigorated to ensure that content is addressed to the development of capacities for analysis, problem solving, communications, and synthesis, and to the integration of knowledge from various disciplines.

   d. Department heads and program supervisors to examine and adjust the content and delivery of all program curricula to match the knowledge, capacities, and skill outcomes that students are expected to develop as a result of their educational experiences.

   e. Academic administrators and faculty members to develop and provide a comprehensive program of developmental studies designed to assist students in correcting areas of academic weakness.

   f. Administrative personnel to develop practices that promote, recognize, and celebrate faculty scholarship.

2. *Increase Student Involvement in Learning:* The College will increase student involvement in learning by insisting:

   a. That academic administrators, including division chairs and department heads, build all instructional programs around a central staff of well-qualified, highly motivated faculty positions, and that they make every possible effort to integrate part-time faculty into the ongoing activities of the program.

   b. That faculty members make greater use of active modes of teaching and that they require
students to take greater responsibility for their learning.

c. That faculty members design learning experiences that require more practice and more "time on task" from students.

d. That faculty members design learning tasks and assessment questions that are directly and closely related to the desired learning outcomes of each learning experience.

3. Regular Assessment and Feedback: The College will provide regular assessment and feedback as a means of improving teaching and learning by requiring:

a. Faculty members and academic administrators to design and implement a systematic program to assess the knowledge, capacities, and skills developed in students by academic and cocurricular programs.

b. Academic administrators to design and install an early warning system to track student academic progress and to alert students to potential programs in time to take corrective actions.

c. Academic administrators, including division chairs and department heads, to conduct periodic program reviews to assess the quality and effectiveness of each academic and cocurricular program.

d. Academic and student development personnel to develop and conduct employee evaluation in their respective areas on a regular basis to ensure adherence to clearly developed standards of quality and professional practice.

4. Personalized Student Services: The College will support and enhance its instructional programs by providing a comprehensive program of personalized student services by assuming:

a. That academic and student development administrators will provide a complete program of cocurricular activities with sufficient funding, space, and recognition to involve the broadest possible range of residential, part-time, and commuter students.

b. That academic and student development administrators will develop and administer a comprehensive program of academic advising and degree planning to guide students through the educational process toward the associate degree or other educational goal.

c. That academic and student development administrators will develop and administer an effective program of career planning, student placement, and graduate follow-up.

d. That student development personnel will provide a program of counseling and guidance that adheres to the highest standards of professional practice and that has sufficient resources to insure that its services are reasonably available to all student seeking and needing assistance.

e. That student development personnel, peer counselors, faculty, and administrators participate on a continuing basis in a program of guidance and advisement that actively involves students from matriculation through graduation.
