Pre-Baccalaureate Nursing & Pre ADN
Program of Study-Nursing
 (CIP 51.1105)

This is the recommended course of study for students who seek to apply to an associate or baccalaureate degree nursing program. It contains the pre-requisite and co-requisite courses for the WCJC ADN program as well as the recommended courses for many baccalaureate degree nursing programs at four-year institutes in Texas. Students interested in this degree should meet with an advisor prior to enrolling in classes.
