

**Petition for Credit
Credit by Examination**

Wharton County Junior College (WCJC) may grant credit for prior learning assessments (PLA) if the assessment is determined to have met the student learning outcomes applicable to a WCJC course(s). PLA credit will be awarded only to those students who have been fully admitted to WCJC. No more than 75% of a WCJC degree or certificate may be obtained through PLA credit. Complete information regarding PLA, including eligible coursework, can be found in the WCJC College Catalog.

A student must submit a completed "Petition for Credit" form and an official score report to a WCJC Testing Center for processing. Please visit [College Board](#) for instructions on ordering official score reports. Course equivalency must be approved by the appropriate administrator(s). Please allow 10 business days for processing once score reports have been received.
